

Please complete:

Applicant Name:	Interviewer Name:
School Applied (COL, ENG, NUR, WH):	# of years interviewing for Penn:
Intended Major:	Interview Date:
Application Cycle (ED or RD):	Interview Location:

Note: Please answer in each box below, providing specific examples from the conversation to support your assessment—including questions asked, direct quotes from the student, or specific topics covered.

What qualities or characteristics of this applicant would help them to be successful at Penn?

(3-5 sentences in the box below, for example...)

- Do you think the student would be engaged in the classroom and involved in the community?
- Did they share a compelling personal story or exhibit interesting ways of thinking?
- How might they have an impact on campus as a classmate, roommate, teammate, leader, peer, etc.?

Which academic and extracurricular topics were of greatest interest to the student?

(3-5 sentences in the box below, for example...)

- Did they describe any of their favorite classes, projects, or activities?
- What were some of their most formative academic or extracurricular activities?
- Did the student express any long-term academic, professional, or personal goals?

In what ways do the student’s interests, talents, and goals align with opportunities available at Penn?

(3-5 sentences in the box below, for example...)

- Why did this student choose to apply to Penn, and to their intended school, program, or major?
- Did they speak to any specific features of Penn’s community or programs?
- Did they speak to any unique qualities of the university that they found compelling?

What is your overall or “bottom line” assessment of this candidate’s potential impact at Penn?

Please be candid, sharing any relevant examples to support your assessment.

OPTIONAL:

Is there any other information or context that Penn Admissions should know about this applicant, or about the circumstances of the interview?

If this student applied to a coordinated dual degree or specialized program, please describe their fit for this specific program, in addition to their potential academic fit with Penn in general.

No response is required for single-degree applicants (College, Engineering, Nursing, Wharton).
